Degree profiles

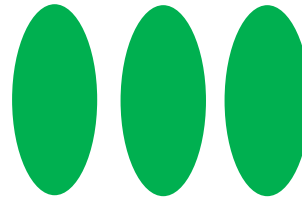

TASK 2: Report on Bridging meta-profile with reality (INDIVIDUAL)

Each participant should

- 1) Choose a degree at his/her University related to the subject area to which he/she belongs.
- 2) Identify which is the profile for this degree at his/her University
- 3) Analyze this degree profile comparatively with the meta-profile agreed in Kuala Lumpur:
 - Identifying coincidences
 - Focusing on those elements that differ
 - Analyzing the weight of the different dominant elements: *Are there elements which are not considered in the degree profile of my university? And which would be the explanation and justification for these differences?*
